

Title of today's notes

September 21, 2026

First thing

Some claim I want to remember.

a sub-thought, indented

- a bullet
- a bullet one step deeper

↳ and a follow-on

Thm: statement of the theorem.

Pf: the argument, ending with a tombstone. □

display math, left-aligned, at the current indent

Example

Worked example goes here.

? something I did not understand and should ask about
